

WORK WILL BEGIN ABOUT MIDDLE OCT.

Delayed Government Building Will
Be Commenced.

NEWS WILL VERY GRATIFYING

Approved Plans Expected Daily by
People Here, and Parties in Posi-
tion to Know Claim Work Will Be
Begun on Above Date.

Parties in a position to know claim
the work on the new Govern-
ment building will be commenced in
October, somewhere in the first part
of the month.

The rough diagram of the building
has already been seen in this city.
The necessary alterations were
made to conform with the ideas of the
register and receiver of the land office,
and the approved plans are expected
daily.

There is nothing that will please
the people of this city more just at
the present time than to see this
building started, and we are informed
before the year is over the build-
ing will be well under way. In fact,
we were informed that it is thought
that work will be commenced on
the building by not later than the
middle of October, and our informant
is in a position to know what he is
talking about.

The delay has been occasioned by
the handsome increase in the appro-
priation, which necessitated the draw-
ing of new plans and which were first
submitted to the postmaster and land
office officials in order that they might
make any suggestions they deemed
advisable, before the final
complete plans were perfected.

GRADED AND HIGH SCHOOL.

Prof. Cassels Makes Important An-
nouncement to Patrons.

To the Patrons of the University
High School: Believing that a course
in vocal music should be given in all
public schools and that no high
school is complete without a music
department, we have provided such
a course and department for the Uni-
versity High School.

We have secured Miss Hester Tit-
man as supervisor of public school
music and teacher of piano.

Miss Titman has closely applied
herself to the study of music since
she was nine years of age. She is
a graduate of the literary and music
departments of a South Carolina high
school and a South Carolina woman's
college, and a graduate of the New
York Conservatory of Music. She has
also spent several summers at North-
ern universities taking normal music
courses and preparing herself for
teaching public school music.

Miss Titman has had several years'
very successful experience. For the
past two years she has had charge
of the musical department of
the Burlington, N. C., public school.
Out of nine hundred pupils whom Miss
Titman taught music in that school
only one showed a dislike for the
work, the majority being very enthu-
siastic. She was re-elected for the en-
suing session at a guaranteed salary
of \$72.50 per month and allowed six
weeks in which to consider the offer.
But she chose to come to Gainesville,
thinking this field offered greater op-
portunities.

We have no funds with which to
pay Miss Titman a salary. She con-
tracts to supervise the course in pub-
lic school music, give so many lessons
per week in that course, organize a
music club for chorus work and pub-
lic recitals, and conduct all musical
exercises connected with the school.
In return for this, we allow her the
use of the school piano and the audi-
torium as a music room, and use our
influence in securing her a good class
in piano.

The course in public school music
is free. The terms for instrumental
music per school month of four
weeks are as follows: Class lessons
for children from five to ten years of
age—class limited to twelve, which
enables teacher to give much indi-
vidual attention—no home practice,
work consisting of notation, finger
work, and time study taught in pleas-
ing way, \$2.15 for eight half-hour les-
sons. Intermediate and advanced de-
partments, \$4.50 for eight half-hour
lessons and two class lessons in theory.

Sheet music will be furnished at
liberal discounts.

We trust that those interested in
the development of our school will
assist us in securing a large class for
Miss Titman.

For further particulars apply to
the Principal.

Passed Examination Successfully.

James Donahue, New Britain, Conn.,
writes: "I tried several kidney reme-
dies, and was treated by our best
physician for diabetes, but did not im-
prove until I took Foley's Kidney
Remedy. After the second bottle I
showed improvement, and five bot-
tles cured me completely. I have
since passed a rigid examination for
H.C. insurance." Foley's Kidney Re-
medy cures backache and all forms of
kidney and bladder trouble. J. W.

NEWS OF CITY AND COUNTY CONDENSED

A. M. Chandler and family have ar-
rived in the city and will make this
place their future home. They will
be pleasantly located at 507 East
Orange street.

Jas. Bauknight is having improve-
ments made to his property on Me-
chanic and Garden streets which will
improve the appearance of the build-
ing to a great extent.

Mrs. Van Taylor of Rocky Point
is having her property, corner of Gar-
den and Magnolia streets, greatly im-
proved by having the inside work
overhauled and repainted.

Misses Mary Phifer and Leo Baker
departed last night for Macon, where
they go to enter Wesleyan Female
College. They will be absent until
the holidays, much to the regret of
their numerous friends in this city.

J. J. DeBose, one of the industrious
colored people of the northwestern
part of the city, is having a large and
commodious two-story residence erect-
ed on West Church street. It will be
a credit to that part of the city when
completed.

W. J. Beeman, the clever member
of the firm of Beeman & Co., coffee
roasters of Jacksonville, is in the
city interviewing the business men.
He reports an excellent trade through-
out the State and says that business
is picking up in all lines.

Mrs. H. W. Johnston and daughter,
Miss Inez, who have been in the city
for the past three weeks visiting Mrs.
Shields Warren, have returned to
their home in Apalachicola. They ex-
pressed themselves as highly pleased
with the city and the large number
of its citizens whom they met and
hope to return again at no distant
date.

Attention is directed to the adver-
tisement of H. F. Dutton & Co., the
oldest established dealers in Sea Is-
land cotton in the State, and one of
the oldest in the South. Growers can
rest assured of a "square deal" in the
grading of their cotton by this firm,
as well as the assurance that they
will receive the highest market price
for their product. Col. Dutton is now
personally in charge of the business
and will be pleased to be given an
opportunity to examine your cotton
and quote you a price for same.

THE GIRL WITH THE AUBURN HAIR

Is on the outside package of every
bottle of Parisian Sage. Should you
forget the name simply ask for the
package with "the Au-
burn hair" upon it.

And what a wonder-
ful sale Parisian Sage
has made for itself in
America in a little over
a year. And what a
multitude of people
have been cured of
falling hair, dandruff
and itching scalp by
its use.

And how the Ameri-
can women praise Pa-
risian Sage for its peculiar ability to
turn harsh, faded, lusterless hair into
fresh, beautiful, silky and lustrous
hair in a few days.

Parisian Sage is today the favorite
hair dressing and tonic of discrimi-
nating Americans, not because of sen-
sational methods of advertising, but
because it is the only hair restorer
that will do just what it is advertised
to do.

It kills the dandruff germ and cures
dandruff in two weeks. If it doesn't
W. M. Johnson, the agent in Gaines-
ville, will give you your money back.

"I had been troubled with dandruff
for five years, but since using Parisi-
an Sage I have not been bothered
with it. I only used one-half bottle
when I noticed the dandruff disap-
pearing. I consider it the best hair
tonic I ever used."—Mrs. C. M. Mor-
ton, 456 Main street, Buffalo, N. Y.,
Aug. 16, 1909.

If you haven't tried Parisian Sage
get a bottle today. It is a delightful
dressing. The price is only 50 cents
a large bottle at W. M. Johnson's or
direct, all charges prepaid, by the
American makers, Gironx Mfg. Co.,
Buffalo, N. Y.

CONSTABLE WATERS ALERT.

West End Officer Captures Three
"Pistol Toters" Recently.

M. T. Waters, the efficient constable
of the Bell district, is always on the
lookout for the cowardly "pistol toter,"
and as a result two of these law-
breakers have this week been fined
the minimum sum of one hundred dol-
lars each or three months imprison-
ment.

He captured Henry Williams and
Will King at G. C. Chaires' turpen-
tine still, near Bell, and Williams was
convicted in Justice Barron's court;
but King got a change of venue to
the Wilford district, where his trial
will occur later.

While on his way to Gainesville
with Williams the alert constable
espied a pistol on the person of a
negro known as "Bob," whereupon he
was taken into custody. The arrest
was made between Dutton and Alach-
ua, and upon reaching the latter place
the culprit was arraigned in Justice
Caswell's court, convicted and senten-
ced, and brought on to Gainesville
with the other negro.

In this connection The Sun wishes
to know why the various justices of
the peace almost invariably give the
minimum sentence for carrying con-
cealed weapons. Instead of the maxi-
mum, six months? The minimum
fine is one hundred dollars, and most
negroes would rather serve three
months than pay the fine. Give the
limit imprisonment, unless there are
extenuating circumstances.

Meeting Football Association.

tion, comprising the members and all
parties who are interested in football,

Good for Biliousness.

"I took two of Chamberlain's Stom-
ach and Liver Tablets last night, and
I feel fifty per cent better than I
have for weeks," says J. J. Firestone of
Allegan, Mich. "They are certainly
a fine article for biliousness." For
sale by all druggists. Samples free.
